STATE NEWS.

Peaches 75 cts. per bushel in Charlotte.

Goldboro is clamorous for a steam laundry. How about Tarboro?

The old court house in Asheville has been sold and Jim Young the Sheriff was the purchaser at \$200.

The continued wet spell has been very disastrous to the tobacco crop in Rockingham and other counties.

In the Supreme Court, on Friday, appropriate testimonial was rendered to the life and services of ex-Gov. Graham.

Treasurer of Gaston county reports having had \$2,000 of county money in the Bank of Mecklenburg at the time of its failure.

A flag was suspended at half mast from the Centennial pole at Charlotte on Saturday and Sunday in honor to the lamented Graham.

Wilmington has a rifle team and target shooting is one of the principal amusements of the city. Mr. Joe D. Woody is the champion 'shootist' of the two teams.

In Mecklenburg Barringer received 700 votes more than his party polled before, while Col. Johnston ran ahead of the Democratic vote for the last three years. Singular.

The farewell sermon of Rev. Mr. Mangum, the gifted and beloved pastor of Edenton Street M. E. church, is spoken of as one of his most eloquent and impressive efforts. His place in Raleigh will be hard to fill. -Sentinel.

Our latest news from the growing crop represents it to be rotting in the hill very alarmingly. Many planters say they cannot possibly make half a crop, and that the yellow leaf will be the sign of the question. The signs of the times point to the coming year as the meanest on record. -Milton Chronicle.

We are gratified to learn from the Secretary, Major Windsor, that the prospect for a full exhibition and a large attendance at the State Fair to be held in October is most promising. Applications are being daily made from almost every State in the Union for copies of the premium list. -Rial News.

Baltimore American, 16th: The first receipt here of new crop cotton was sold Saturday, the lot coming from North Carolina. It was classed as middling, and brought fifteen cents per pound. The old crop is better placed. The engine and six cars went down the bankment. No one hurt except engineer Horn. The accident was caused by the heavy rains washing away the track. This is the fourth accident that has happened at this place. It is considered the worst place on the road. The track is being rapidly repaired and trains will run through to-night.

A certain white radical had been teaching a school of white children in Stony Creek precinct, Goldsboro township, and voted with the negroes on Thursday last. When he came to his school on Friday he found that his scholars had deserted him. Served him right. Let him teach his own political party. There are enough good, honest, educated democrats in Wayne county competent to teach schools, and teach children wholesome doctrines. It will not do to have white children educated under radical influences. It makes radicalism respectable and is dangerous to the children and society alike. -Goldsboro Messenger.

The explosion of a water power mill is something new under the sun but the Asheville Pioneer is responsible for the following:

On the 2nd inst. an explosion occurred in the mill owned by Captain A. A. Campbell, on Valley river, near the town of Murphy, in Cherokee county. The miller had put the mill in motion, and just left the vicinity of the hopper for the purpose of turning on more water when he was startled by the explosion. The boxing enclosing the bulks was torn to pieces, and the bed stone shattered to atoms. The cause of the accident has not been satisfactorily explained, but is generally supposed to have been caused by electricity generated by the friction of the millstones. The mill is a fine one, and Mr. Campbell estimates his loss at \$1,000.

The dormant state of politics in England is reflected in the Queen's speech which is devoid of interest. The Shipping bill which the Government was forced to pass, and the trivial concessions to Ireland, and changes in the revenue laws are all that her Ministers find in the acts of the all-powerful Parliament deserving special mention. The convention? with Zanzibar, and the threatened punishment of the Chinese are the only foreign questions on which anything of interest is said.
